

# REVOLUTIONARY DESIGN!

- Purpose designed Bi-Fold door
- Simple to install
- Internal or external opening. Both options are internally beaded
- 70mm deep outer frame
- Fully sculptured frames
- Secure shoot bolt locking
- Standard Liniar frame details allowing all clip on ancillary items to fit
- Co-extruded sash with Liniar's patented glazing seal

## CONCEALED HARDWARE

Stainless steel track mounted in-board, only hinge knuckles visible when door is closed.

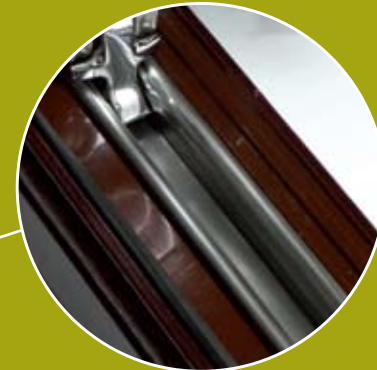

## SLIM SIGHT LINES

Slimmer panel joint sight lines, bespoke sash profile maximises glazed areas.

## LOW THRESHOLD

Less trip hazards due to the range of low threshold options available. All of which are wheelchair friendly.

## NO KEEPS NECESSARY

Shootbolts locate into the track.
